

CABLE DRUM JACKS - RACK & PINION

For heavy duty applications

Lifting capacity 1,500 to 10,000kg

An indispensable aid for cable laying

The jacks enable cable reels of a very large diameter to be lifted allowing the cable to be unreeled quickly and safely

Lifting on head or claw

Large base ensuring stability and safe operation

Wheel assemblies, allow easy movement of the jacks between jobs

The braked crank secures the load in any position

1.5 tonne jack has 3 claw positions allowing different sized reels to be raised

5 and 10 tonne jacks are supplied with a fixed head and adjustable claw. The claw is removable and can be located in 5 different height positions saving time in raising the jack to the required height

Specifications

		0024015	0025011	0026018
Capacity on head	t	1.5	5.0	10.0
